

TECHNICAL DATA SHEET

SAFE KIT

Individual Protection and Disinfection Kit

DESCRIPTION

The Safe Kit is compact and easy to store, carry and distribute. It contains the minimum necessary items for to ensure individual protection during a travel, an event or meeting in case of pandemic risk. The Safe Kit is adapted for environments and contexts where wearing a mask is necessary and for a fast, convenient and effective disinfection of hands and surfaces. It is adapted for employees, visitors and passengers on aircrafts, trains, ships or other transports.

As a standard, our Safe Kit contains one type IIR, EU compliant surgical mask, and two individual disinfecting and cleaning wipes for hands and surfaces. It is presented in a paper packaging made from sustainable managed forests.
